# **PLAN PREPARATION**

## **Introduction**

This Action Plan presents the Kansas Consolidated Plan objectives and allocation of resources for federal fiscal year 2006 (State program year 2006: January 1, 2006 – December 31, 2006). Specific priorities and guidelines are described for the federally mandated programs, i.e., the Community Development Block Grant (CDBG) program, HOME Investment Partnerships (HOME) program, Emergency Shelter Grant (ESG) program, and Housing Opportunities for Persons with AIDS (HOPWA) program. Particular development partners and resources are discussed, including geographic distribution of the State's development resources. Kansas Performance Measures are established to monitor the State's progress on development goals.

The Kansas Department of Commerce, Kansas Housing Resources Corporation, and Kansas Department of Health and Environment will be the lead/partner agencies for the 2006 Action Plan. The Kansas Housing Resources Corporation will be the central point of contact for the 2006 Action Plan.

## **Consultation**

The Kansas Housing Resources Corporation (KHRC) consulted with local governments and State agencies on the preparation of the 2006 Action Plan. The KHRC contacted the local Consolidated Plan coordinators of entitlement areas to offer assistance on local Consolidated Plan documents and invite recommendations on State community development and housing initiatives.

In 2003, the KHRC contracted with BBC Research & Consulting to conduct research on The Kansas Market, Part I of the 2004-2008 Kansas Consolidated Plan. BBC's research activities included investigation of affordable housing, appropriate housing, permanent housing, and fair housing in Kansas. BBC's research inquiry was organized into six regions of the state: Northwest, North Central, Northeast, Southwest, South Central, and Southeast. BBC's research tasks included analysis of 2000 Census data, review of annual reports, surveys of housing and community service providers, focus groups, examination of Fair Housing complaint data, and public forums on the research findings. BBC prepared The Kansas Market, Part I of the 2004-2008 Consolidated Plan.
